

CALGARY STAMPEDE

With relation to the entry forms, they are posted on the websites of each of our Stock Dog competitions. Clicking on each of the links below will take you to the appropriate website that contains the entry form once they are available.

- [Clock Stock and Barrel](#)
- World Stock Dog Competition – will follow up once available.

I would also like to mention that I will be away on Maternity leave by the time it will come to submit results and payment for sanctioning, however I have included both my replacement as well as our Entries Assistant on this email to be certain that payment information is submitted within the 21 time frame.

Thank you very much and have a great day!
