- a. Purina Pro Plan Award for the Outstanding Field Trial Nursery Dog
Purina Pro Plan and the Purina Award Committee are expanding the Purina Award Program to recognize outstanding performance by our young dogs. The award will go to the high point nursery dog throughout the qualifying season. To determine the winner, we will be using the USBCHA tracking of points and find the highest total of “All Points” listed for the dog under the “View Details” section for each nursery dog. This includes one point gained for each qualification regardless of whether it was gained as a nursery or an open run. The competition will follow the annual USBCHA qualification season of August 1, through July 31.

As an example, for the 2023 trial season Scott Glen’s Mist had the highest total, gaining 28 points.

In the event of a tie, the dog with the most first place wins receives the award; if that is equal, then it moves down to the dog with the most second place finishes and so on until we have a winner.

We would like to keep it timely and present award at the National Finals during current year of competition.

The award will begin with the 2024 trial season and will include a twenty by twenty four inch oil painting of the winning dog, along with a year’s supply of Purina Pro Plan.

2. 2023 Financial Report

Financial report is still in draft phase, waiting for final report from accountant. Expected to be completed by next meeting.

Suggested and agreed to invite new treasurer to next meeting for introduction

3 Sponsorship report (Russell)

Lori, John and Russell have been meeting with potential sponsor. Currently negotiating terms for final contract. Russell made the point that we need to emphasize what USBCHA can offer. He pointed out that members tend to spend most money on dog food with the average member having 8 dogs. He estimated that comes out to about \$6,000 per member per year times 1000 members. They are hoping to impress sponsor (who wishes to be anonymous at this time) Hope to have a contract ready to present to board in the next few weeks

4. Sheepdog Finals Update (Scott)-

Host committee was unable to attend meeting due to travel. Scott reported having contact with the stock supplier. He stated the facilities appear to be good for raising lambs. He has discussed with host committee the need to make sure the sheep will be worked prior to finals.

5. Cattledog Finals Update (Wyatt)

Nothing to report at this point

6. Other Business

a. A rule change about nursery was requested: The change requested was to allow more than one nursery per day even if there is no open class at the trial.

Current Rule:

Nursery class sanctioning and participation:

- a. At a trial where no Open classes are offered, only one Nursery class per day may be sanctioned.
- b. At a trial where Open classes are offered, the total number of Nursery classes sanctioned may not exceed the greater of either the total number of open classes or the total number of days that the trial is sanctioned for. The scheduling of the Nursery classes is at the discretion of the trial host; however, no more than two sanctioned Nursery classes may be run in one day.

Discussion was held. Reason for the current rule was to prevent holding too many nursery in a row just to get dogs qualified. It was discussed that an extraordinary exception was made for one trial due to extreme weather conditions but there is nothing in the rules allowing waivers routinely.

Motion to take no action: Russel McCord

Seconded: Cy Peterson

Motion passed for no change in rules.

Another issue was brought up about hosts being able to add a shed at the end of trial and how to interpret the current rule of no shed. Decision was made that rules should be interpreted, based on interviews with previous directors involved in the rules, that there cannot be a required shed for a nursery course but hosts can add a voluntary shed after the pen, if there is time and no points for shed awarded for the sanctioned portion of the trial.

Motion to adjourn: Paul Batz

President's Report

The USBCHA is made up of around 1100 members spread across the USA and Canada and is the pre-eminent organization overseeing stock dog field trials in the United States, and in Canada in partnership with the CBCA.

Partnerships are what make the USBCHA work. I'd like to take some time to highlight some of those partnerships and how they influence and add to this organization.

The first partnership is with our members who support the organization through their dues and their participation in trials throughout each year. Every Open and Nursery run you enter provides \$3.50 to the USBCHA. Of that money, \$1 is allocated to the current year's National Finals Host Committee to help fund the Finals. Another \$.050 goes to the USBCHA Secretary to partially compensate her for all of the hard work she does on behalf of all of you. The remaining \$2 goes into the general fund and most of that is returned to the membership in the form of funding for the National Sheepdog and Cattledog Finals as you will see from the attached Financial Statement.

A second group of members and non-members who are vital partners with the USBCHA are those among you and across the USA and Canada who host trials. Without trial hosts, we as an organization do not exist and you as handlers have nowhere to run your dogs. As a sanctioning body, we traditionally have had very

The next partnership is with the ABCA who provide close to 50% of the funding for the National Finals, both sheep and cattle, as well as providing additional prize money for ABCA members who place. However, the ABCA also provides half of the members of the National Sheepdog Finals trials committee and the ABCA Board of Directors votes on the selection of judges for the National Finals. Our mission and goals are the same; to safeguard and develop the working Border Collie and the two organizations work closely together to advance that goal.

Last night at the ABCA meeting, Amanda Milliken provided a brief history of the relationship between the USBCHA and the CBCA. Many of our members are also CBCA members and the CBCA is the only national organization that the USBCHA will co-sanction trials with, again highlighted the alignment between the mission and goals of the two organizations.

We have just concluded a renewal of our partnership with Purina which is a one year agreement, renewable for a further four years and represents an increase in Purina's commitment to the USBCHA. Purina has been a long term supporter of the USBCHA providing sponsorship, supporting the National Finals with donations of Purina products, supporting the World Trial team with team jackets, and sponsoring the Open Field Trial dog of the year. The new agreement with Purina will significantly increase Purina's level of sponsorship. The hard work on cementing this partnership was done by Ray Voight and Karl Gunzer on behalf of Purina, and Russel McCord, Lori Cunningham and John Campbell on behalf of the USBCHA.

Last, but by no means least, I'd like to recognize the partnership between the host trial committees who put on the National Finals and the USBCHA Trials Committee.

The National Cattledog Finals will be held in one week's time in Shannon City IA. It will also be webcast and I'd encourage everyone to tune in.

I'd like to recognize the Trials Committee:

Art Ackelson, IA	Wyatt Fleming, MO
Bob Allen, MO	James Butler, TX
Bon Johnson, IA	Zeb Gray, IA
Jeff Livingston, IA	Zeb Gray, IA
Michael Davis, IA	

For the National Sheepdog Finals I'd like to recognize:

The USBCHA/ABCA trials committee:

Scott Glen - USBCHA
Faansie Basson – USBCHA
Russell McCord – USBCHA
Lori Cunningham - ABCA
Linda Tesdahl - ABCA

We'd also like to thank new partners Charles and Michelle Willfong and Willfong Farms for the sheep for this year's trial.

The 2025 National Sheepdog Finals will be held in Alturas CA, hosted by Geri Byrne. The proposed dates are September 30th – October 5th. These will be finalized in the next few weeks and posted on the website.

Ask anyone. Hosting a National Finals is the most fun anyone can have in their lifetimes. We are accepting bids for the 2026 Finals which are due by January 1st 2025. If you might be interested but have questions, please contact me, or Linda, or your District Director.

It has been an honor serving as President of this organization for the past two years. I'd like to express my appreciation to the 2023 and 2024 Boards of Directors and to all of the members who have participated and contributed.
