Volunteering options and information below:

Information:

We will have a hired secretary for much of the two trial weekends but we would appreciate some volunteer fill-in here and there while she deals with some anticipated family issues.

We will have a hired crew in the pens but assistance and relief is always appreciated in the pens as it's a tough job.

Julie Poudrier will be the point person during the trials for volunteers for pens, push out, and set out, and will generally oversee and facilitate this important aspect of the trials to make sure it run smoothly and to allow me to focus my attention on the "front end" of trialing, score keeping, awards, and hospitality. Once the schedule is published and settled, on the day of the trial she will help facilitate shift changes, coordinate any last-minute changes needed, etc. She will NOT be doing any set-out beyond that of any other qualified volunteer handler. Sad but true, she has retired from working set-out full time, but I'm very grateful that she consented to assist us with this important aspect of any trial! This will also help to spare my back considerably – a big priority for me for getting through the weekends!
